MacArthur
Foundation

Welcome!

As the President of the East Asia Institute (EAI), it is my pleasure to welcome you all to the MacArthur Asia Security Initiative (MASI) 2010 Annual Meeting in Seoul. We are particularly pleased to be hosting this annual meeting with the active support of the John D. and Catherine T. MacArthur Foundation. This year's meeting will build on the success of the inaugural MASI Grantees' Meeting & Official Launch held in Singapore. The objectives of the Seoul Annual Meeting is to enable participating institutions to develop more vigorous research networks, provide a venue to discuss and exchange ideas on the major issues in the Asia region, and produce a policy report based upon the findings and suggestions at the meeting.

As one of three core institutions serving this program, the EAI has been devoted to not only developing influential policy ideas for the region's peace and security, but also expanding cooperation and knowledge-exchange among participating scholars and experts. Taking advantage of the Asia Security Initiative network of 35 institutions, the EAI would like to suggest you all to participate in building an epistemic community together, committed to making our lives and the lives of our future generations in East Asia safer, prosperous, and rewarding. We sincerely hope that this year's Seoul meeting will contribute toward the dream of creating this kind of community.

Please enjoy the beauty and hospitality of Seoul, while participating in this meeting.

Sook-Jong Lee
President
